**49th Legislative District**

## How You Can Reach Us

Hello and best wishes to you and everyone. Thank you for the continued privilege of serving in the House of Representatives for our 49th Legislative District, including neighborhoods of Vancouver west of Interstate 205, Hazel Dell, and the surrounding communities.

Whether we're in Olympia during the legislative session or at home the rest of the time, we as lawmakers answer to you and other district citizens. The way we see it, we'll go nowhere fast if we don't at least agree that Working Together is the best way to get anywhere. We need to craft strategies reflecting the real-world needs and interests of:

- **Young citizens who have just started building their lives.**
  - **Working citizens who have devoted years building their families.**
- **Senior citizens who have invested a major part of their lifetimes building this country.**

Maureen Gallegos, assistant to Representative Moeller, and Megan Walsh, assistant to Representative Jacks, join us in encouraging your calls, letters, and e-mails. Tell us what you think either about the Legislature or about anything else in state government. We'll work with you swiftly and professionally.

## How We Can Help You

**Always feel free to contact us, especially if:**

- **You have a problem with a state agency.**

Want to vent about a state office? Don't hesitate to call or write – we'll always listen to you. And we'll do our best to help find answers you need to get your questions and concerns addressed.

- **You have a comment about a legislative proposal.**

Want to share an opinion about a specific bill in the Legislature? In order to serve Clark County effectively, we need to know what you and your neighbors think about these legislative proposals. Please call or write if you want to know details about a prospective law or some other legislative matter that you've come across. We'll send you a copy of the bill and other relevant information about it. Our commitment is to do whatever it takes to answer your questions.

- **You have a legislative idea of your own.**

Want to go over a plan you think should become state law, or a suggestion to abolish a current state law? There's no denying the fact that ideas from citizens frequently win over the toughest critics!

- **You have a desire to testify on a bill.**

Want to play an even more active role in the process? If you feel particularly strong about a bill or issue, please consider testifying before a legislative committee. Representatives and senators need to hear what you think! Our offices will make sure you get information about the scheduling of committee-hearing dates and times.

- **You have a need for any other general assistance on state-government questions.**

Want to get anything else off your chest? If you want a suggestion to help resolve any other problem, we promise we'll do our best to help out! We said it before, and we'll say it again: We will work with you. Always.
