

Our Investment in transportation

HOUSE

SENATE

Spending

Policy

Refuses to divert money from our paramount duty: **funding education**.

Protects our quality of life by preserving our natural environment.

Keeps all options on the table for addressing carbon pollution.

Authorizes the full \$15 billion to build **reliable, congestion-free transit**.

Provides **flexibility for the future** by using cost-saving practical design.

Sales Tax

Double counts sales tax in both the transportation and operating budgets.

ELSA Transfer

Raids a dedicated cleanup fund for \$104 million that **doesn't exist**.

Carbon Poison Pill

Prohibits serious action on climate change **for the next 16 year**.

Sound Transit Authority

Limits voters' choice by only providing \$11 billion in authority.

Transportation Future Fund

Restricts future opportunities to tackle repairs and new investments.

Building a Washington that works for everyone.
