

REPRESENTATIVE ZACK HUDGINS

11TH LEGISLATIVE DISTRICT

- Chair, State Government, Elections, and Information Technology Committee
- Member, Appropriations Committee and Technology and Economic Development Committee

As the Chair of the House State Government, Elections, and Information Technology Committee, I have been working to make our elections more accessible and secure. I am a member of the National Conference of State Legislators Cybersecurity Taskforce and lead the legislature on issues of information technology and cybersecurity. Please visit my website at <http://housedemocrats.wa.gov/legislators/zack-hudgins> for more information.

ON THE ISSUES

D-11th

PROTECTING YOUR CREDIT

I passed a bill to protect you from unfair fees charged by credit agencies. You can freeze and unfreeze your credit accounts when there's a privacy breach. It isn't right for you to pay to protect your data when credit agencies make that data vulnerable.

MAKING AUTONOMOUS VEHICLES SAFE FOR WASHINGTON

Autonomous vehicle technology continues to develop, and we need to make sure that as a state, we are ready for them to operate safely. This session I worked with industry leaders to form a workgroup that will guide the safe introduction of this new technology without limiting innovation.

STATE NEED GRANT

The operating budget puts the state on a pathway to fully funding the State Need Grant within the next four years so every eligible student will be able to pursue their dreams of higher education.

HOUSING AFFORDABILITY

Our region is growing, which puts pressure on housing. This session we took steps to address housing by:

- increasing funding for homeless services;
- prohibiting discrimination against tenants;
- expanding eligibility for certain housing programs;
- assisting local governments with land capacity analysis.

PROTECTING A FREE AND OPEN INTERNET IN WASHINGTON

Washington became the first state in the nation to pass net neutrality so your internet provider can't slow down and speed up different web sites or charge you various speed rates for access to your internet.

STATE REPRESENTATIVE

Zack HUDGINS

Let me know

what you think.
