

Here's a snapshot of issues we prioritized and policy areas I will focus on as your state representative. For more details, please scan the QR code on the other side of this mailer!

■ FINDING BALANCE BETWEEN CUTS AND NEW REVENUE

With our severe budget shortfalls, the legislature made tough choices to balance the budget. We focused on funding to keep people fed, housed, and healthy, while making hard budget cuts and delaying programs to reduce costs. We adopted new revenue that is fair and sustainable, to prioritize our community's overwhelming ask for high quality schools, safe roads, community safety, and public services that keep our cities a great place to live, work and play. ■ INVESTING IN PUBLIC EDUCATION

We know that education is the bedrock for a thriving community. The Legislature both added revenues to fill education funding shortfalls and adopted critical policies to enhance learning, expand access, and support our students and teachers alike. Our students are our paramount duty and deserve nothing less.

■ PROTECTING HUMAN RIGHTS

I am committed to a thriving Washington where everyone feels safe, respected, and protected. As a legislature, we both recommitted to protecting the rights of ALL Washingtonians, especially in light of the challenges at the national level, and prioritized bills that strengthen protections for vulnerable communities while ensuring justice and dignity for all.

■ ENSURING SAFE AND THRIVING COMMUNITIES

I've spent my career seeking first to understand, solve problems together and build stronger communities through effective government. My background in public works and infrastructure, combined with years of local government experience, gives me a deep understanding of how policy shapes people's daily lives—from safe streets to housing affordability. In the Legislature, I bring this same community-focused, solutions-driven approach to creating policies that reflect the needs and values of the people I represent. We deserve a government that is efficient and delivers for the people. Let's do this together.
